

Application No. 09/343,805
Amendment & Summary of Interview of July 1, 2003

REMARKS

On July 1, 2003, applicants' attorney, Examiner Steelman and ^{Primary}Supervisory Examiner Wei discussed the rejection of claims 19 and 25 under 35 USC 101. It was agreed that if the preamble of these claims was amended to reflect execution of instructions and accomplishment of a functional objective, then the rejection of claims 19-30 under 35 USC 101 would be overcome and the claims would be examined on the merits.

Claims 19 and 25 have been amended to indicate that the intermediate representation instruction is accessible by the computer for manipulation and transformation to a platform-specific instruction executable by the computer. As the claims have been so amended, applicants request that the rejection based on 35 USC 101 be dropped and the claims be examined on the merits.

Respectfully submitted,

Dated: July 16, 2003
